OBJECTIVE

A creative and detail-oriented aspiring full-stack web developer passionate about front-end and back-end technologies. Seeking a remote opportunity to build visually appealing, responsive applications using HTML, CSS, JavaScript, and the MERN stack—while deepening practical experience and contributing to impactful web solutions.

EDUCATION

Beaconhouse National University <i>B.A-CS (Software Engineering Specialization)</i>	Lahore <i>Sept 2023 – June 2027 (Expected)</i>
Beaconhouse School System <i>A Levels: Computer Science, Mathematics, Physics</i>	Lahore <i>Sept 2020 – June 2022</i>
Beaconhouse School System <i>O Levels: Computer Science, Chemistry, Physics</i>	Lahore <i>Sept 2017 – June 2020</i>

EXPERIENCE

Freelance Web Developer <i>Fiverr</i>	Remote <i>Jan 2023 – Present</i>
– Built responsive websites using HTML, CSS, JavaScript, and React.js for local clients and small businesses. – Integrated back-end services using Node.js and Express with MongoDB for dynamic content management. – Collaborated with clients to deliver UI/UX designs that improved engagement and usability.	
Web Development Intern <i>GabaSoft</i>	Lahore <i>Sept 2022 – June 2024</i>
– Assisted in developing internal web tools using HTML, CSS, JavaScript, and PHP. – Implemented multiple React.js applications and contributed to front-end component logic. – Contributed to database design and optimization for client-facing platforms. – Researched Android application development processes and prototyped basic features. – Participated in weekly Agile sprint meetings and collaborated with senior developers.
