OBJECTIVE

A creative and detail-oriented second-year Computer Science student passionate about game design, graphic design, and coding in C#. Seeking a remote role to contribute visually compelling assets, intuitive UI/UX elements, engaging game mechanics, optimized code, and immersive player experiences while gaining industry experience.

WORK EXPERIENCE

HR Intern

Better World Makers, Kuala Lumpur, Malaysia

February 2021 - March 2021

- Optimized the resume screening process, improving efficiency and ensuring only top candidates advanced, leading to a more effective hiring pipeline.
- Assisted in on boarding new hires by providing essential information, making the transition process smoother and reducing common on boarding challenges.

Game Developer Intern

Chroma Borealis, Lahore, Pakistan

June 2019 - August 2019

- Led the development and release of a mobile game on the Google Play Store, ensuring a smooth transition from concept to deployment, which resulted in a fully functional and polished product.
- Designed and implemented engaging gameplay mechanics that enhanced user experience, contributing to increased player retention and interaction.

Freelancer

Fiverr

2016 - 2020

- Delivered high-quality digital solutions to a diverse range of clients, including collaborations with organizations like Beaconhouse School System, ensuring client satisfaction and project success.
- Provided structured game coaching sessions that helped players refine their skills and improve their rankings, resulting in noticeable performance growth.

PROJECTS

- **Hitman Assassin – Mobile Game (Google Play)** Developed a fast-paced stealth action game featuring AI-driven enemy behavior and optimized performance. Implemented an efficient pathfinding system and optimized assets to ensure smooth gameplay and positive player feedback. [\[Play Now\]](#)
- **Urban Run – Mobile Game (Google Play)** Designed and developed an infinite 2D runner with fluid and responsive controls. Fine-tuned jumping, sliding, and collision mechanics while maintaining frame-rate stability for an engaging player experience. [\[Play Now\]](#)
- **Moral Matrix – 2D Narrative Adventure Game** Created an interactive, story-driven experience exploring themes of corruption and religious tolerance. Integrated branching dialogue systems and immersive world-building for BNU Connect to enhance player choice and engagement. [\[Play Now\]](#)
- **Super Pong – Classic Pong with a Modern Twist** Reimagined classic Pong with time manipulation mechanics inspired by Superhot. Programmed time dilation effects and dynamic ball physics to create a unique and strategic arcade experience. [\[Play Now\]](#)

EDUCATION

Beaconhouse National University

Bachelors in Computer Science

Tarogil, Lahore

September 2023 - June 2027 (Expected)

Lahore Grammar School

Johar Town, Lahore

A Levels

September 2018 - June 2020

Beaconhouse School System

Bahria Town, Lahore

O Levels

September 2015 - June 2018
