

AI Projects Exhibition 2025

 Date: January 10, 2025

 Time: 10:00 AM - 3:00 PM

 Venue: Beaconhouse National University, SCIT Building, Main Hall

 Explore the Future of Artificial Intelligence!

Join us for a thrilling showcase of groundbreaking AI projects developed by our talented students. Witness how innovation meets technology to address real-world challenges. Here's a sneak peek into the incredible projects you'll experience:

Featured Projects:

- Crop Recommendation System - AI-powered recommendations for optimal crop selection to enhance agricultural productivity.
- Smart Traffic System - Revolutionizing urban traffic management using AI for real-time optimization.
- Lease Payment Default Prediction - A predictive model for assessing default risks in leasing sectors.
- Agronomist Bot - A virtual assistant for farmers, providing expert agricultural advice.
- AI Reel Generator - Creating dynamic video content tailored to user preferences using AI.
- Virtual Classroom - An AI-driven platform for enhancing virtual learning experiences.
- AI Generated Image Detector - Identifying AI-generated images using advanced detection algorithms.

All Projects:

- Jarvis
- Gesture & Emotion Detector
- Deforestation Trend
- AI Takes Over
- Legal-based AI Chatbot
- Face Recognition for Attendance
- Inflation Prediction
- Campus Assistance Chatbot
- Automated Call System
- CalorieTrack
- Hacktivists
- Smart AI Referee System
- Face Recognition System
- Car Scanning System
- Disaster Prediction System

- CancerVision
- Animal Species Detector
- Pulse Pal
- AI Environmental Impact Analyzer
- Plant Disease Classifier
- Resume Parser AI Project
- Virtual Classroom
- AI Generated Image Detector

Why Attend?

- Engage with innovative AI solutions.
- Network with students, faculty, and industry professionals.
- Discover potential collaborations and recruitment opportunities.

Open to all!

Whether you're a tech enthusiast, industry expert, or curious learner, this exhibition promises something for everyone. Mark your calendars and be part of this transformative experience.
