

IMPORTANT INSTRUCTIONS

Database Systems

Fall 2024

- Submission Deadline for each section is:
 - Section A: Monday 6th January 2025 by 6PM
 - Section B: Tuesday 7th January 2025 by 6PM
 - Section C: Wednesday 8th January 2025 by 6PM
- ***Please make sure you follow the file naming and email title format. Do not forget to mention your section in any communication or it will be ignored.***
- You have to submit the following submissions electronically @ NATASH.ALI@BNU.EDU.PK . Email Submissions include (Soft Form):
 - Completed Document (**As per contents mentioned in DBMS_TOC.docx**)
 - Supporting files (if any). Supporting files may include original files of data collected, ER Model, Relational Model, etc.
 - Scanned or Soft form of supporting related to company for which you are doing the project (You may include the scanned documents as Appendix).
 - Presentation Slides
- Document should be properly formatted and follow the following instructions
 - use Arial or Times New Roman Font
 - Size of regular text, captions of figures and tables should be 12
 - Size of Headings should be 14
 - Size of Chapter Heading or Title page can be 14 or 16
 - Margins should be normal (1 inch on for all i.e. Top, Bottom, Left, Right)
 - Line spacing should be 1.5
- Please zip all the documents in one archive and send it to the instructor.
- Zip all the files (File name should include complete name of member(s) and subject name) e.g. **Sec B DBS Project Umer and Usman.zip**
- Subject of email should include the name of the group members and group name, **Section A DBS Name 1, Name 2 and Name 3. E.g. Section C DBS Project Umer and Usman or Section A DBS Umer, Usman and Ali.**
- Anyone not following the file naming format will simply be replied with incomplete submission and submission will not be accepted.

- Project should be directly emailed to the instructor at the email address mentioned above, make sure that you send your submission to the right email address, no excuses for sending it to wrong email address will be considered.
- Content of the email should be written professionally where the text should clarify the objective, details (if any), topic and the list of files attached
- No flexibility is allowed in time, so late submissions will either be rejected or in special case they will be accepted with deduction (decision completely lies with the instructor).
- If you have any queries, send them directly to the instructor at NATASH.ALI@BNU.EDU.PK or ask them in regular classes
- You will receive a response from the instructor. If you do not receive an acknowledgement within 48 hours, then please contact the instructor. Do not remind or recheck before 48 hours.
- Please mention the complete reference of the document or web link when you are copying material from any source. Reference must be complete
- One question from your project may be included in End Term Examination, which will further increase the weightage
- *Hard Form of the document is not required at this stage. If required, hard form may be requested later (after revision and feedback)*
- **If required, a viva of project will be conducted (for all or case to case basis)**
- All of you MUST submit the project, otherwise you will be marked “F grade”
- It is your responsibility to go through all instructions thoroughly. Any reasons whatsoever will not be accepted for missing any instruction.
- Details of the instructions and Table of contents file has already been shared in classes. These documents and sample project will be further explained in regular classes of Week 15.
- If you have any queries you may discuss them in upcoming class.
- Instructor will be available throughout the Week from 10AM to 4PM (except class timings or any meetings) for any further guidance. It is however recommended to drop an email to schedule your time for meeting so your time is not wasted in waiting.
- Instructor is also accessible directly through WhatsApp, however, this medium is used for any urgent queries.
- Sample document is attached for guidance and reference. This is also a student’s submission and is not the best document. You can produce a better document. Attached document is to give you an idea of submission.

- Marks of document will be awarded on the basis of the following criterion

- **Project Document**

- Completion of the mentioned contents
- Originality and Effort put in
- Quality of writing
- Quality of Diagrams
- Document Organization
 - Requirements
 - Conceptual Model
 - Relational Model
 - Physical Model Etc. . .
- Document Presentation

- **Presentation Slides (Assume that you have to give presentation of 30 min)**

- Content Covered
- PowerPoint Presentation slides quality

(In case of plagiarism, you will be awarded ZERO in project and presentation, No compromise. You will be awarded ZERO if ANY section/line is found to be plagiarized, hence, be very careful. A small section may ruin all your effort)
